

Raising  
tomorrow's  
leaders,  
today.

## Vision

Creating and enabling customer centric, research and innovation focused, global technopreneurs who would be the key drivers of communication technology industry.

## Mission

| To deliver quality and innovative training to mould World class Technopreneurs.

| Assure Eco-friendly ,reliable Diagnosis and Fixing of communication devices.

| Manufacturing high quality tools and supply of spares to the communication industry.

# *Smart Career in... Smart World!*

Become an Entrepreneur by  
Securing your Job through  
Training in Smartphone Technology

18+ Years Experience | 5000+ Alumni Around the Globe | 500+ Service Centres Across India

## Britco & Bridco

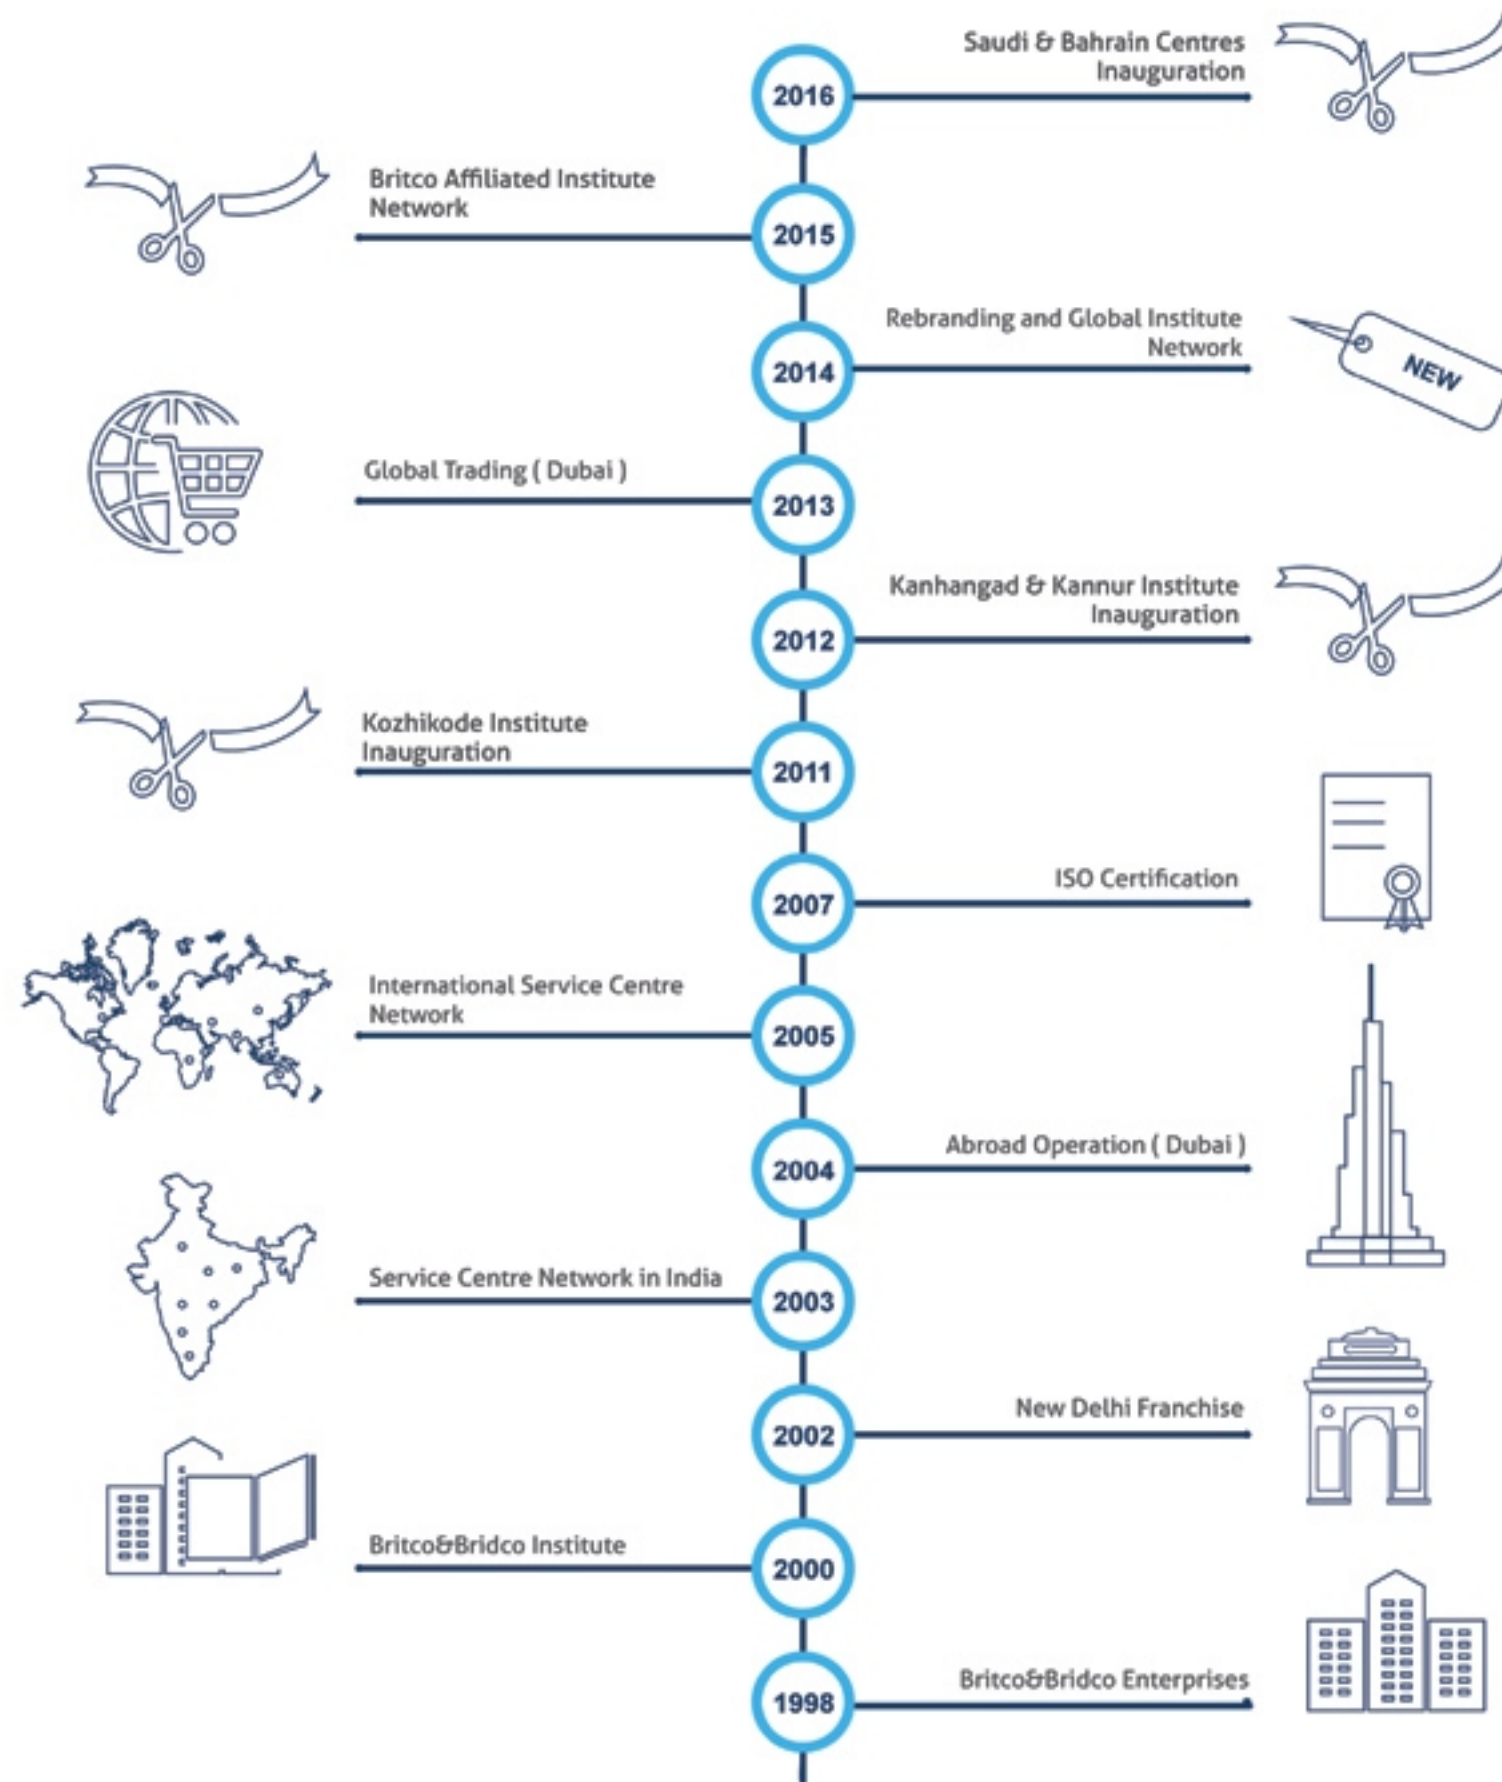

Britco & Bridco, a company whose goal is to develop and spread knowledge on innovative technologies. Since 1998, we have been redefining the scope of mobile phone technology. We are the pioneers in mobile phone service and training in India. Britco & Bridco has 500+ service centres and 5000+ alumni who are ready to serve you around the globe.

Britco & Bridco grew up to become an ISO 9001 – 2008 certified company spread all over India and also recognized by Technical Education Department Of Kerala. We started our first mobile service centre at Kottakkal, Kerala - the world capital of Ayurveda. We have now 10+ affiliated Institute in India including the capital city, New Delhi and have abroad operations in Dubai, Bahrain, Saudi Arabia, East Africa and Australia.

Life as a student at Britco & Bridco is stimulating, challenging, and rewarding. You'll work hard, but you'll also have a great time and countless opportunities to connect with new people and make the most of your post-secondary experience.

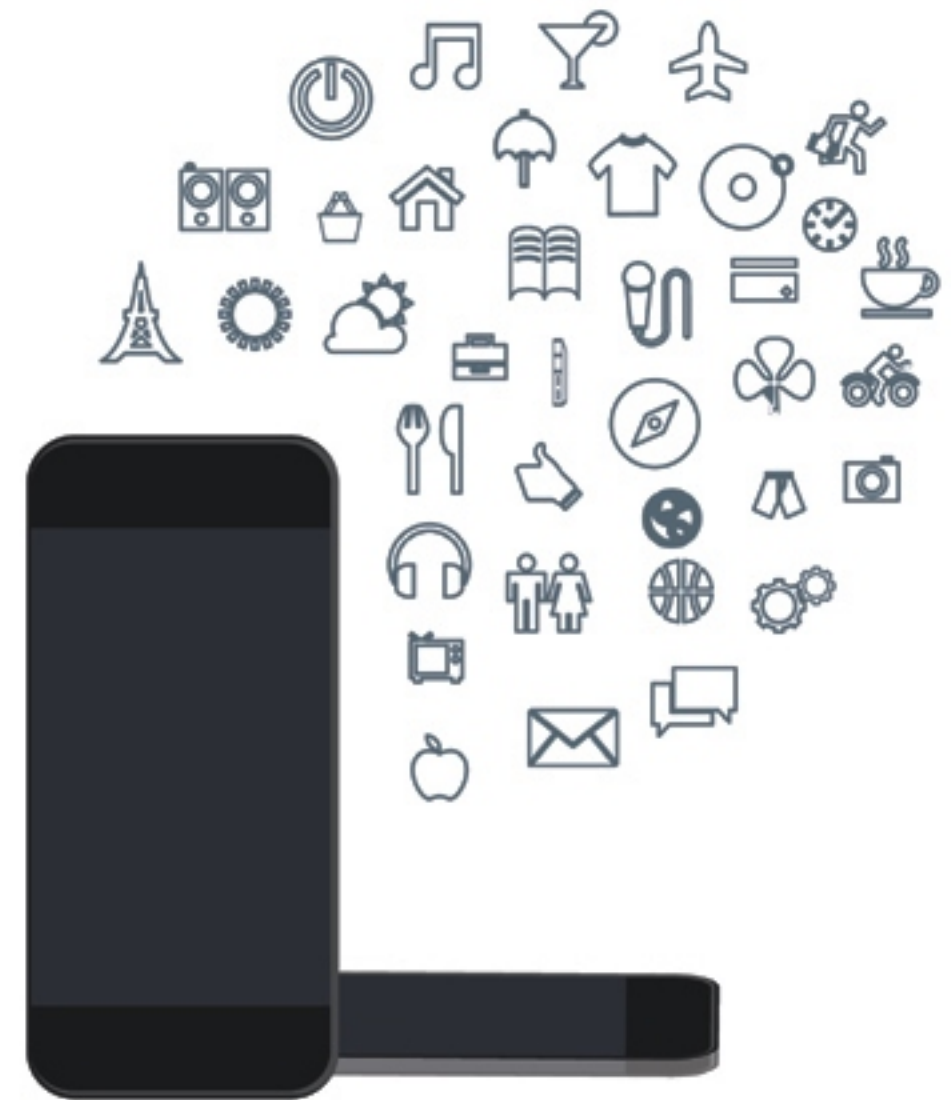

The higher acceptability of Britco & Bridco's certificate shows the value. And we are proud of our Alumni who are working at various mobile phone companies globally

# Milestone

## Mobile phone Industry and Britco & Bridco

Mobile phone became an essential of human life other than communication device. Forecasting the countless opportunities in the field of mobile phone technology, Britco & Bridco stepped in to this industry. Now we can see the active presence in every business and service area in the field of mobile phone technology industry.

## Britco & Bridco Services

### Smart Career

Britco & Bridco provides hi-tech training to repair mobile phones and mould them to become an entrepreneur in this smart world using own developed Programable GSM Kit, which is supplemented by well qualified and experienced faculty with an updated syllabus in digital classroom.

### Smart Care

Britco & Bridco assures quality and reliable repairing of all type of Mobile phones including Basic Phones, Smart Phones, Tablets by experts. Britco & Bridco technicians assures to safe guard the privacy of the client, interest of the society and the country and support and eco-friendly Globe .

### Smart Technicians

Mobile phone industry is growing very fast and the scope of repairing also in the same track. Britco & Bridco provides qualified, committed and reliable mobile phone technicians.

### Smart R & D

Britco & Bridco R & D department research and develop Mobile Phone related tools and equipments headed by qualified and experienced engineers.

### Quality Tools

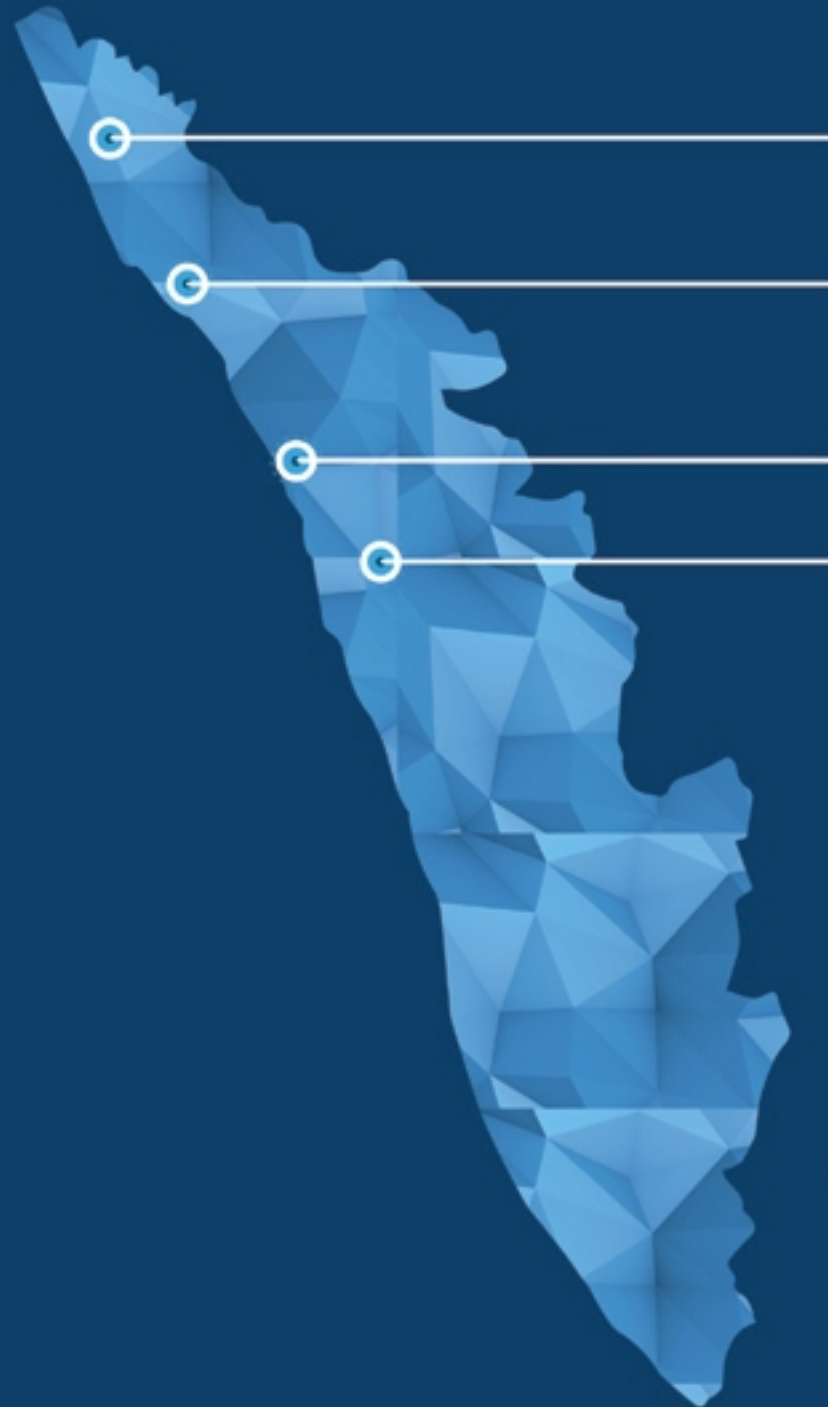

Mobile phone repairing industry faces the lack of quality tools and spare parts. Britco & Bridco assures genuine spare parts and tested tools with the best after sale supports.

### Smart Guidance

Britco & Bridco provides smart guidance to be a successful entrepreneur in the smart, evergrowing technology industry or to enhance existing business in this industry.

## Britco & Bridco Alumni Presence Across the Globe

The growth and growth rate of mobile phone users around the World is increasing everyday.

As an impact to this growth, mobile phone related job and business oppertunity is also increasing drastically.

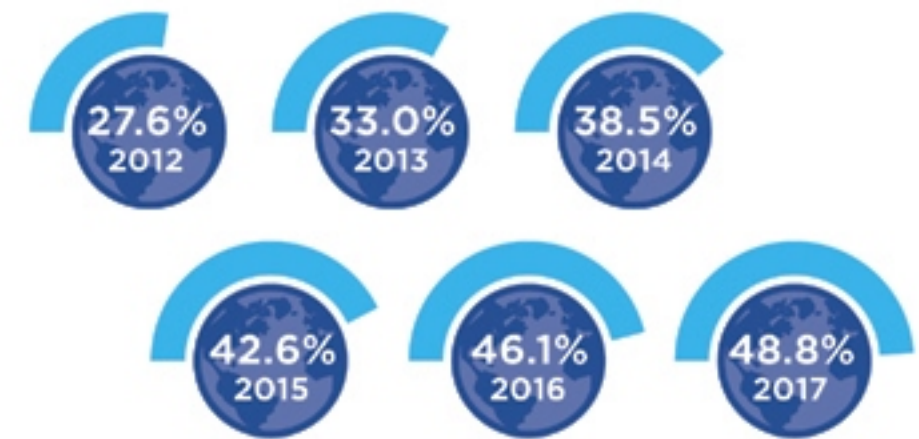

## Boom in Mobile Phone Technology Industry

## World Statistics

## Mobile phone Users World Wide 2012-17

As per the statistics in 2014, 4.65 billion people worldwide using mobile phone. Mobile adoption is slowing, but new users in the developing regions of Asia-Pacific and the Middle East and Africa will drive further increases. Between 2013 and 2017, mobile phone penetration will rise from 61.1% to 69.4% of the global population. The mobile phone companies are doing lot of research in enhancing their services to attract new customers. The job opportunities in this stream are not restricted to the manufacturing, repair, maintenance of mobile handsets but lot of career options are available which are generally not given too much importance.

## Mobile Phone Technology Training, Secured & Shining Career for an Individual

The switching of a mobile phone user from an Basic Mobile Phone to a Smart Phone made an impact in to the Mobile Phone repairing industry too. Mobile Phone users are searching qualified and experts service engineers insted of an ordinary mobile phone technician.

This attitude happens not only in between users but for the manufacturing companies and repairing centers also.

In such scenario importance of an institute like Britco & Bridco who creates industry experts is also increased.

## Opportunities in Mobile Phone Technology

A Fast Growing Industry with an Ocean of Opportunities

Ever Changing Technology

Entry of Highly Advanced Devices

Growth of Mobile Phone Users Around the World

Different Schemes by Government to Enhance Connectivity Across the Globe

A Combination of different Home & Office Appliances rather than a Communication Device

Entry of New Brands in the Industry

Join hands with Britco & Bridco and explore the Opportunity in an ever growing Technology Industry.

### **Be a World Class Entrepreneur through Britco & Bridco**

Learn Smart Phone Technology from Britco & Bridco who offers "Smart Career in Smart World" and Secure your Career soon and Be an Entrepreneur of the Future...

Smart Phone Usage Statistics in Australia

## Mobile Phone Technology Industry in Australia

Australia is a country and continent surrounded by the Indian and Pacific oceans. Its major cities – Sydney, Brisbane, Melbourne, Perth, Adelaide – are coastal. Its capital, Canberra, is inland. The country is known for its Sydney Opera House, the Great Barrier Reef, a vast interior desert wilderness called the Outback, and unique animal species like kangaroos and duck-billed platypuses.

Smartphone ownership in Australia increased from 11.1 million in 2013 to 15.3 million in mid-2015. During the same period, tablet ownership increased from 6.3 million to 11.2 million. Smartphone and tablet make up 63% of total time spent on devices in September 2015.

The major user are for Apple and Samsung devices , an average user changes the devices every 18 to 24 months . The repairs are expensive and users that's why prefer upgrading rather than repairing.

Britco Australia started its first institute in Sydney and the next two have been planned in W.A and Northern Territory in 2017.

NSW is the most prosperous and populated state in Australia , out of total population would will have around 25% of the population residing in NSW. We have a NSW is the business heart of the country ,being home to the World Famous Sydney Opera House , Harbor Bridge , Sydney Harbor & Blue Mountains .

Britco Australia is promoted by Raj Gumber and Rod Lumanglas . who have a combined industry experience of 30 years amongst them . Rod has been working in the mobile phone industry for past 15 years and had worked with Nokia , Mitsubishi , Vodafone to name a few . Currenty promoters have 3 service centers across Australia and have 4 retail shops apart form wholesale of Mobile Phone parts and mobile phone handsets.

The ever expanding industry of mobile phones and handheld devices will witness a big shortage of trained technicians and we have personally experiences and felt that there is a need for someone to address this need and also have manpower which complies to the present standards and practices in Australia , and this is why , We had chosen Britco to help us reach those standards as with help of each other we can arrive at a work class course with easy delivery and course updation of the courses due to changing devices and technologies .

## Britco Australia

## Courses

CODE	COURSE NAME	DURATION

CDT	Certified Digital Technician	4-6Months
BCDP	Britco Certified Digital Professional	4-6Months

## Student's Testimonials

**Sureshbabu A**  
**Currently working in manager- Operations in TVS Electronics, Chennai**

I am thankful to Britco, because of whom I am a Manger in the technical field at a well-known company. I didn't have a technical background but was surely keen for it and I am grateful to Britco that offered me such an marvellous experience.

**Bijith (Cherukkad, Calicut)**  
**Currently working in Regenerisis, South Africa**

Britco has given me a warm and friendly welcome that made me feel a part of them. Britco helped me to enter a new world which i had only dreamt of. It's the world that gave beginning to my career and upgraded my knowledge on technology. The best part of my education at Britco was that they taught me from basics of electronics to how to deal with the mobile phone repairs not only in India but also abroad.

**Manoj Kumar (Kanhangad)**  
**Currently working in DAR ES SALAAM, Tanzania**  
**Senior service engineer**

I can proudly say that if I reached a better position in my life, its only because of Britco. Britco not only giving the training but also gave us a lot of oportunities to work inside or abroad of India " which usually not seeing any where in any other institution". Thank you, Britco, for making me a succesful person.

**Prathwiraj K. (Nileshwaram)**  
**Currently working in Axiom, Dubai**  
**Service Engineer**

Platform laid by the pioneers in mobile phone technology, Britco & Bridco made me capable for the best opportunities in this industry

**Basil E. (Randathani, malappuram)**  
**Currently working in Ashtel, Guangzhou, China**

I am proud to say that, I have got an opportunity to work in the technical hub of the World, Guangzhou, China only because of the training, experience and further support from Britco & Bridco.

**Emambokus Sheik Mohamad**  
**Currently working in SHENICOM Mobile Phone Service Center**  
**Rose Belle (Mauritius)**

Being a foreign student, I feared that may be I would be getting problems of adaptation, but the welcome I got from Britco was so warm and friendly that I considered myself to be one amongst them. Britco was and is still for me, a new world that represented a new beginning for me. It helped me to upgrade my knowledge and experience. I was taught the basic of electronics and the right way of dealing with mobile phone repairs. it is, embedded with this new knowledge that I am today a Director of Shenicom Ltd. in Mauritius. We have 3 outlets around the Island, which are amongst the leading companies in mobile repairs. And it is all thanks to Britco and I wish that many others get this same opportunity of joining such a distinguished institution.

The Public Comments

**P K KUNHALIKUTTY**  
Minister for Industries & IT, Kerala

Britco & Bridco certificate has worldwide acceptance. Britco & Bridco is the best institute in this field and I am certifying that.

**E.T. MUHAMMED BASHEER MP**  
MEMBER OF PARLIAMENT, FORMER EDUCATION MINISTER ( KERALA)

In present education system in india, the required knowledge is not attaining from the regular course and there is a big gap between Required & Acquired knowledge. Britco & Bridco provides the industry required training and makes a complete professional to fill gap.

**M P.VIRENDRAKUMAR**  
MD, Matrubhumi, Former Union Minister

This is an institute that has pioneered in the field of mobile technology. My hearty regards to Britco & Bridco for having tried their level best to spread the knowledge in the field of technology to all common man who are interested.

**DR.K T JALEEL**  
MLA Kerala

I am very happy to come and see this reputed institution. This attempt is really valuable and admirable. I wish all success for both students and staffs.

**AHMED AMIN**  
MD, SGS Ltd., Hargeisa, Somaliland

The visit to Britco & Bridco was enlightening in many aspects. I have enjoyed my stay in in Kerala and that was made possible by Britco. There is a good bunch of people in this Britco company. They have achieved so much and their potential to be a global brand is great. I wish them every success and we look forward to having a lasting partnership in Africa. Once again many thanks for your warm hospitality and I will be going back with a great perception. Thank you

**RAJ GUMBER**  
Managing Director, MobilePhoneFix, Sydney, Australia

We were in search of an Institution with an International standard who can Fulfill the requirements of the present market and realised that Britco & Bridco catch our need. More over, company like Apple recommended Britco & Bridco for hiring technicians and availing training. Now I realised that I reached in a right location. We are expecting our joint venture with Britco & Bridco at Sydney, Australia by the end of 2015
